Did your Christmas present please you?

The town was generally filled with people last Sunday buying Christmas goods.

When you "turn over a new leaf" on January 1st what are you going to write upon it?

Menon, Ritch and Loomis were in the city last week attending a meeting of the regents of the Normal school.

Bob Evans sustained quite serious injuries from one of his horses at his corral last Thursday.

Fresh stock of tin and granite ware at Rounsevel's.

We hung our stocking up last night and had no difficulty in putting it on this morning. About the largest thing in it was a hole.

The five thousand pounds of wire ordered for the new telephone system is daily expected to arrive.

Genial Sam Carpenter came from his ranch on the Miners last Tuesday to spend the holidays with us.

The Silver Social Club will give one of their highly enjoyable dances to-night in the rink.

The low price of silver and the smallness of our chimney prevented Santa Claus from bringing us much this year.

The Normal school Literary Association gave a very interesting entertainment last Friday night.

J. J. Shordius has rented the P. B. Lindy house, recently vacated by J. H. Mudge, and will take possession on the first of January.

Stoves and hardware of all kinds at Rounsevel's.

You will probably not know just what your wife paid for your Christmas present until the bill collector visits you on January 1st.

The Episcopal church will hold appropriate services at 10:30 today, and on Friday night the Suburb will not have a Christmas tree.

A young Mexican was caught stealing a small express wagon from Porterfield's last Saturday night and Deputy Sheriff Sheridan locked him in the County jail until Monday morning.

D. G. McEwan has moved in with his family from a slum camp and opened an office over Farley's drug store. His professional card was found in another column.

R. H. Speed was arrested at the instance of Geo. Williams on a charge of unlawfully keeping meat in front of his butcher shop last Friday, and fined \$25 and costs.

One of the finest specimens of black tail deer ever seen on the market was bought in last Saturday by Clark Rogers of Lone Mountain.

You no doubt feel that you deserved much finer Christmas presents than your friends chose to give you, but then you know what Bob Burns once said of us.
